## About Ami

### Varied business law and data privacy guidance

Ami Zaveri advises clients on an array of business law and data privacy matters. She has significant experience negotiating and structuring complex procurement and commercial transactions, driving contract process improvement and working on data privacy and compliance matters implicating global and domestic privacy laws such as GDPR, CCPA, PDKA, PIPEDA and HIPAA. Her clients include:

- **Fortune 500 companies**
- **Global corporate clients**
- **Privately held businesses in a variety of industries**, including health care, technology, mining and agriculture

Previously, Ami served as in-house counsel for a privately held health care solutions and revenue cycle management company, where she gained experience with business entity formation and federal and state regulatory matters related to HIPAA, ERISA, anti-kickback statutes and physician self-referral statutes.

### Experience in Action

- **Counsels on matters related to technology agreements, software licensing**, SaaS, IaaS, EULAs, business and technology outsourcing, professional services, proof of concepts, joint development and related intellectual property matters, and non-disclosure agreements.
- **Drafts and negotiates data privacy and security-related agreements.**
