About Ben

Ensuring regulatory compliance for pharmaceutical industry clients

Benjamin Lockwood counsels clients on a wide variety of legal matters for health care clients, including many pharmaceutical industry clients such as:

- **Manufacturers**
- **Distributors**
- **Pharmacies**
- **Other related entities**

Benjamin provides strategic counsel in three primary areas: ensuring compliance with HIPAA and other data privacy and security regulations; advising clients on various Food and Drug Administration (FDA) regulations, with a specific focus on drug and device advertising compliance; and counseling health care clients on nationwide licensing and permitting requirements.

Experience in Action

- **Drafts and revises HIPAA business associate agreements and notices of privacy practices.**
- **Assists clients who have been affected by data breaches** with investigations, incident responses and notifications to individuals and regulators.
- **Advises clients on health-related data privacy and security laws,** including HIPAA and its related implementing regulations, 42 CFR Part 2 (Confidentiality of Alcohol and Drug Abuse Treatment
