About Shamika

Responsive, thorough and innovative health care regulatory counsel

Shamika Mazyck is a health care attorney who advises pharmacies, wholesale drug distributors, drug manufacturers, practitioner groups and a variety of health care-related entities. With a background in environmental consulting and occupational health and safety management in acute care facilities before launching her legal career, Shamika focuses on:

- **Health care regulatory analysis and compliance**
- **Health care licensing analysis**
- **Health care contracts**

Clients appreciate the extensive knowledge of the operational realities of health care providers that Shamika brings to the legal counsel she provides. Adept at building relationships and leading multidisciplinary groups of people, she develops comprehensive regulatory compliance programs and procedures built on collaborative decision making and innovative solutions.

Experience in Action

- **Advising on a variety of regulatory compliance matters**, including federal and state regulations governing privacy, licensure, controlled substance delivery, provider self-referral, decentralized clinical trials, practitioner scope questions in telehealth, vaccine scope of practice and delivery models, credentialing and licensure requirements for telemedicine, obtaining regulatory approval for novel methods of operation and service delivery, and other issues.

Education and Honors

Indiana University Robert H. McKinney School of Law (J.D., 2018)

- Health Law Review
- The Evening Student Union (Secretary; Treasurer)

Wayne State University (M.S., 2004)

- Occupational Health and Environmental Science
- Hope College (B.A., 2001)
- Major: Biology

Bar Admissions

Indiana

Court Admissions

U.S. District Court, Northern District of Indiana

U.S. District Court, Southern District of Indiana

- **Advocating for health care business proposals before state regulatory bodies.**
- **Advising on analysis and drafting of provider contracts**, including wholesale drug distribution, supply chain, specialty pharmacy, scope of practice and health equity agreements, as well as agreements relating to telehealth provider arrangements.

Recent Success

- Assisted in national health equity organization development and launch.
- Guided national pharmaceutical chain through development, staffing, compliance, billing and operational issues to quickly acquire and administer COVID-19 vaccinations.
- Provided key regulatory and contracting support for drug manufacturer in setting up licensure, promotional materials, and distribution plan and contracts for newly approved drug.
- Helped client navigate through regulatory barrier for administering drug trials in the home.
